School Accountability Report Card

Reported Using Data from the 2019-2020 School Year

Published During 2020-2021

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

School Description and Mission Statement (School Year 2020-2021)

The School Accountability Report Card was established by Proposition 98, an initiative passed by California voters in 1988. As you read the Report Card you will gain a better understanding of Harding as a school with a record for improvement, a faculty that is professionally skilled and personally committed to meeting the learning needs of students, and a student body which is enthusiastic and motivated to perform well. Harding School, built in 1959, is situated in the northeast part of the city. The school was named for Ruth Clarke Harding to honor her many years of dedicated service in the District, both as a teacher and as a principal.

Harding Elementary School's mission is to ensure a success oriented, safe, positive environment that utilizes research based instructional strategies; where academic decisions are based on current data, parent involvement is considered an essential part of student achievement, and all individuals have respect for others and the world in which they live.

At Harding, we believe in educating the whole child. Harding's teachers utilize the state common core standards to create engaging lessons that focus on essential grade level learning for all students. Common formative assessments are created and administered by our teaching staff to monitor academic progress and plan for future instruction. Harding staff implements a school-wide writing program that builds from Kindergarten through Sixth Grade focusing on the 3 types of writing; narrative, informational, and opinion writing; as determined by the Common Core State Standards.

Struggling students at Harding are supported by our Charging Centers where Kindergarten through sixth grade students are taught by certificated staff in a small group setting. The Charging Center emphasises focused instruction on deficit skills in an effort to accelerate learning. The Community Readers Project also supports identified students who need additional support in Reading Language Arts. Our reading teacher tutor provides individual instruction for struggling reading students who then typically show more than one year's growth after participating in the project.

In addition to strong core subject instruction, students are engaged in extra-curricular activities such as oral language competition, math bowl, science fair, track team, orchestra and glee club, student council and more.

Our positive behavior system recognizes students whose behavior meets our expressed expectations. Students earn "Charger Checks" for positive actions which can be redeemed for incentives. Students whose behavior interferes with their academics are supported with interventions put in place by our Behavior Intervention Specialist and carried out by all staff members.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

Harding School was built in 1960 with modernization in 2004. It sits on 7.55 acres of which 3.9 acres is playground. This school has 29 classrooms, a multi-purpose facility, library, learning center, After School Program and a staff lounge.

The custodial staff adheres to a weekly cleaning schedule that includes classrooms, restrooms, cafeteria and kitchen areas.

The District's Mobile Maintenance Team visits the school site at least twice a year. Maintenance emergencies are addressed immediately. District personnel maintain the grounds at least once every two weeks.

This site also is maintained to ensure a clean, safe, and functional facility as determined pursuant to a Facility Inspection Tool developed by the State of California Office of Public School Construction.

School Facility Good Repair Status

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The rate for each system inspected
- The overall rating

Year and month of the most recent FIT report: AUGUST 2020

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Mathematics (grades 3-8 and 11)	28	N/A	22	N/A	39	N/A

Note: Cells with N/A values do not require data.

Note: The 2019-2020 data are not available. Due to the COVID-19 pandemic, Executive Order N-30-20 was issued which waived the requirement for statewide testing for the 2019-2020 school year.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2020-2021)

Harding staff welcomes all parents to be active partners in supporting their child's education journey through various avenues of parent involvement. Parents are invited to volunteer in the classroom and attend Back-to-School Night, parent conferences, attend assemblies, award ceremonies, National Parent Involvement Day picnic, and special events such as Harding Track meet and Jog-a-thon.

Additionally, quarterly Educational Family nights are open to all families to participate in engaging, educational activities that incorporate science, art, math, and reading. In conjunction with Harding's Parent Resource Center and onsite FACE liaison, parents may attend monthly Parent Cafe sessions on various educational topics in supporting their child at school and home, obtain access to educational materials, discuss school events, and receive information regarding community resources.

The Harding Parent Club also actively seeks parent volunteers to join their group to assist in coordinating school wide events that support student centered school projects and activities. These school wide events help generate funds for all students to participate in enriching their educational experience.

Concurrently, parents may also serve on school site committees such as School Site Council and English Learner Advisory Committee (ELAC) or in the various district leveled Family and Community Engagement parent groups such as District Advisory Committee (DAC), Parent as Leaders (PALS), District English Learner Advisory Committee (DELAC), or attend Parent University workshop sessions.

Community members and parents volunteer as classroom readers, while numerous Harding advocates serve many hours as tutors under the direction of our certificated teacher tutor. Our Reading Lab implements a structured program of using volunteers from the Community Reading Project. These volunteers work with identified students under the direction of the Reading Lab teacher. Parents can obtain more information about these involvement opportunities by contacting the school office at 631-5300.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

(data collected between July through June, each full school year respectively)

Rate	School 2017-18	School 2018-19	District 2017-18	District 2018-19	State 2017-18	State 2018-19
Suspensions						
Expulsions						

Suspensions and Expulsions for School Year 2019-2020 Only

(data collected between July through February, partial school year due to the COVID-19 pandemic)

Rate	School 2019-20	District 2019-20	State 2019-20
Suspensions	0.2	1.3	
Expulsions	0.0	0.0	

Note: The 2019-2020 suspensions and expulsions rate data are not comparable to prior year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to prior years.

School Safety Plan (School Year 2020-2021)

Harding’s Comprehensive School Safety Plan is developed and maintained annually in conjunction with California Education Code, Section 35295 et. seq. and Sections 32280 et. seq, to develop a “Safe School Plan.” The plan addresses school climate, safety planning, and the development of respectful, responsible, and law abiding students. Harding’s Comprehensive School Safety Plan was reviewed and updated with school staff on September 19, 2020 and approved by Harding’s School Site Council on February 24, 2020.

Essential elements of the Safe School Plan includes identifying appropriate strategies and programs that will promote school safety and address the school’s procedures for complying with existing laws. Incorporating the four phases of crisis management: mitigation/prevention, preparedness, response, and recovery, Harding’s School Safety Plan includes the School Incident Command’s Team and Roles, Locations, Emergency and Facility Map. School wide Positive Behavioral Interventions and Supports articulates the school’s unique multi-tiered approach to prevention, using disciplinary data and principles of behavior analysis to develop school-wide, targeted and individualized interventions and supports to improve school climate for all students.

Overall, our goal is to maintain a safe and orderly school environment conducive to learning that addresses the needs of Harding School to develop a positive school climate that promotes respect for diversity, personal and social responsibility, effective interpersonal and communication skills, self-esteem, and conflict resolution.

Professional Development (Most Recent Three Years)

Measure	2018-19	2019-20	2020-21
Number of school days dedicated to Staff Development and Continuous Improvement			

Professional development is designed to provide continuous learning opportunities for administrators, teachers, and classified personnel. Training opportunities affirm the basic philosophy of education that learning is a lifelong process that contributes to the well-being of the students, teachers, administrators, and community. Professional Development is an essential component of effective instruction and student learning.

All training revolves around identified needs of students and adults for the purpose of the improvement of instruction and increasing content knowledge. Central to all training are student achievement data, district focus areas, the Common Core State Standards, the state adopted standards-based instructional materials, and strategies to effectively teach the academic content standards to all students.

We also provided extensive professional development for Professional Learning Communities through our Service Delivery Model. On-site coaching and support is provided by academic coaches and district specialists for reading/language arts, mathematics, science, writing and social emotional learning. The district provides time and resources for collaboration, planning, and professional development. Additionally, we provided professional development on Multi-Tiered Systems of Support and Support to school and district teams.

Teachers new to the District received four days of professional development prior to the beginning of the school year focused on orientation to District and school site policies and services, Common Core State Standards, classroom management, curriculum and pacing, using technology and setting up the classroom. Teachers in their second year with the District received two days of professional development prior to the beginning of the school year provided by the school site and focused on improving best practices.

New teachers with California preliminary credentials received professional development through the Bakersfield City School District (BCSD) Teacher Induction Program (TIP). The focus of BCSD TIP is being mentored by an experienced teacher, growing in the California Standards for the Teaching Profession (CSTP) and meeting the California Induction standards. The culmination of TIP is the recommendation for the CA Clear Credential. Each TIP teacher was assigned a veteran teacher who served as a mentor. The mentors received on-going professional development in coaching/mentoring strategies, instructional strategies, and guiding cycles of inquiry. Professional development was provided through individual mentoring, monthly meetings, and after-school workshops.

Intern teachers received professional development at monthly meetings focusing on the initial teaching skills of the CSTP including classroom management, lesson planning, assessment, and establishing a climate that is conducive to student achievement. Each Intern was assigned a mentor that provided day-to-day support in these areas as well as advisement toward meeting credential requirements. Mentors received monthly professional development in meeting the needs of Intern teachers. Interns also received coursework and supervision from universities partnered with BCSD to provide the Intern Program.

Teachers on Short Term Staffing Permits (STSPs) were provided mentors and training on beginning pedagogy and best teaching practices. Each teacher on a STSP designed a plan to meet requirements to move to a CA Intern or Preliminary Credential. Support was provided for required testing and BCSD staff worked closely with university partners to ensure teachers on permits were taking prerequisite requirements to move to credentials.

Teachers on Provisional Intern Permits (PIPs) were provided mentors and training on beginning pedagogy and best teaching practices. Each teacher on a PIP designed a plan to meet requirements to move to a CA Intern Credential. Support was provided for required testing and BCSD staff worked closely with university partners to ensure teachers on permits were taking prerequisite requirements to move to credentials.
