One of the benefits of having a Delta Dental plan is access to one of the largest dentist networks in the nation. We have just enhanced our online dentist directory, making it even easier for you to find a conveniently located dentist.

The Find a Dentist feature at deltadentalins.com now offers:

- Easier navigation and a cleaner display.
- The ability to find a dentist near an address or popular landmark, such as the Golden Gate Bridge or Empire State Building (you can continue to locate a dentist by city or ZIP code as well).
- The ability to conduct a search using keywords, such as the name of a practice (as well as by the dentist's name).
- Faster narrowing of search results by specialty, language and gender.
- Improved toggling between Delta Dental PPOSM and Delta Dental Premier[®] (our open network plans) and DeltaCare[®] USA (our closed network plan).
- Access from your smartphone or tablet.

Delta Dental's online directory also provides a map and driving directions to dental offices; just click on the office address.
